Important:

Kaartik Nahaan is **one of the most powerful days in the life of a Hindu.** On this day, all over the world, we gather in unison to worship at the banks of the Gangaa.

ALL waters become Gangaa on this day: In Kaartik Maas (Oct-Nov) the full moon day or *Purnimaa* our planet experiences the strongest gravitational pull on its rivers, lakes and oceans. The River Gangaa rises, on this day, to meet or merge with all the other bodies of water, hence a bath in any holy place on this day is equal to a bath in the Holy Ganges!

Cocoa Beach: Join us at Cocoa Beach in Florida. For years, devotees have come to this spot and worshipped Mother Gangaa in these waters.

Dharma Inc, has been performing Gangaa Pujaa and Sri Satyanaaraayana Pujaa *Beesarjanam* (conclusion of the yearly Full Moon Pujaa) in these waters for **more than 23 years!** Devotees love and revere this spot and we ENCOURAGE YOU to join in this experience if you have never done so before.

Benefits: The benefits of performing Pujaa at the ocean on this day are great. Take the unique opportunity to perform Satyanarayan Vrat Puja and Ganga Puja at the ocean's edge!

Preparation: One should prepare to make an offering of any kind, however large or small, on this day as the opportunity comes only once per year.

The Cloth: A long cloth is usually prepared for the occasion in which your offerings will be placed and sent out to sea. This represents the acceptance of our prayer and devotion by Mother Gangaa in person!

Conclusion: Kaartik It is a day of joy, excitement, fun and a unique experience in devotion. It will prove to be one of the most powerful devotional sessions in the yearly life of any Devotee—we encourage you to do it.
