

## Coronavirus and Charitable Organizations

Coronavirus or Covid-19 has wreaked havoc across the world. The economic fall-out has been equally devastating. **While world governments are planning to inject trillions of dollars into the profit economy, the non-profit and charitable, NGOs and humanitarian groups around the world are left to fend for themselves.**

Dharma Inc. is one such group. Over our fifteen years of charitable work, we have strived to provide value in exchange for support and you have supported in a way that is truly remarkable.

Today, there are restrictions and curfews – and who knows what is next. **Due to this, we are not able to host functions and provide face to face value.**

In response to these restrictions, Dharma Inc. has transitioned all our religious activities online and are happy to say that with a few exceptions, we are able to provide ALL the religious services as before!

### HOWEVER:

Without congregating, we are not able to receive your support in the form of offerings and donations. Without this support, Dharma Inc. will be forced to liquidate and cease to exist.

**We are appealing to you to support us, not indefinitely, but for a period of three months.  
From now, till June.**

We ask of you to please do this:

Calculate what you would normally contribute to Dharma Inc. per week (offerings, aarti and donations)  
We ask you to use your **bank's bill pay service** and set up a recurring fund to Dharma Inc. till the end of June.
